RE: Progress Report

DATE: June 30, 2006

Since the 2005 meetings in Philadelphia the Committee has worked on the following:

- 1) Contacted the 2006 Program Committee for a session on the program. It is set for Saturday, August 12, 12:30 pm-2:10 pm: **Agenda for Social Justice 2008: Open Forum Call for Papers**. Our session will invite member participation in discussing different ways of communicating the call for papers. We will also discuss development of a media packet to accompany distribution of the 2008 publication.
- 2) Examined alternatives for using the SSSP web site and some sort of blog to enhance exposure for the Agenda for Social Justice project. Glenn Muschert provided the Committee with a report on using the web site and blogs. The matter will be discussed further at the 2006 meetings.

At the 2006 meetings we will contact the Council of Division Chairpersons to get their help in sending a call-for-papers announcement to division members. We will also contact the SSSP Newsletter editor to discuss placing an announcement in the Newsletter.
