RE: Annual Report of Activity

We received 4 applications. We could not fully fund all 4 applicants. We carefully reviewed all criteria, and funded based on the frequency/recentness of the having received funding, and on the members employment statement (unemployed/underemployed). The first three people were funded at 99-100% of the allowable amounts. The final individual had received an award 3 times since 2010, and was therefore awarded the remaining \$500.

Nwaka:	\$2,100
Getaneh:	\$1,875
Veloso:	\$1,525
Agunbiade:	\$500
Total:	\$6,000

ACTION ITEM: We would like to see the following questions added to the application. These questions will be helpful since there are often more applicants than can be fully funded.

What funding, if any, will you receive from your institution?

For what additional funding, if any, have you applied?

If additional funding has been requested, please identify source.
