RE: 2014-2015 Annual Committee Report

DATE: July 24, 2015

The previous year has been a “gearing up” year for the Justice 21 Committee. All activities were handled electronically, and the Committee did not meet in person. Activities involved planning for organization, production, and dissemination of the 2016 Agenda. The previous iterations of the *Agenda for Social Justice* remain available for free download via the Society’s web site, and tracking of “hits” indicates a global reach for our publication.

We thank our Committee members for their service (i.e., Kathleen Ferraro, Brian Klocke, Glenn Muschert, Robert Perrucci, and Jon Shefner), and acknowledge the support of the Society.

In the coming year, the Committee will move forward with executing the plan to produce a 2016 *Agenda for Social Justice* which should appear in electronic print prior to the 2016 SSSP meetings in Seattle.

The Justice 21 Committee thanks the Board for its continuing support of this project.
