ITEM #5 – REPORT ON THE 2014 MEMBERSHIP SURVEY RESULTS
Keith R. Johnson reported on the results of the 2014 Membership Survey. The major findings reported by Keith are as follows: That the SSSP is not a hierarchy, but rather a loose confederation of scholars, students, and activists. The members who are most marginalized tend to be those who participate at a lower level in SSSP activities. Members who are disabled, non-citizens, and/or non-academics tend to be more marginalized. The report suggests that more data, especially longitudinal data might be useful.

**ACTION:** The Board approved that a membership survey would be conducted every five years using comparable questions as used in the past so as to facilitate longitudinal comparison.
