

Report of the Ad Hoc Committee on Meeting Location and Format

We have agreed that SSSP should not make any significant changes in our meeting location and format plans at this point.

We want SSSP to have a stronger online presence in addition to rather than replacing our annual meeting.

We ask the Board to dissolve the ad hoc committee and to request the Permanent Organization and Strategic Planning Committee to produce a long-term strategic plan on the development of online events and/or activities. In the interim, Executive Officer Elroi J. Windsor will take the lead on online events and/or activities.
