CHAIR’S MESSAGE

Dear Poverty, Class, and Inequality Division Members,

I hope you are having a relaxing and productive summer. As the summer meetings are quickly approaching, I would like to bring to your attention some wonderful Poverty, Class, and Inequality sessions, some of our division members’ recent accomplishments, and several opportunities to get more involved in the PCI division.

This year, SSSP will be meeting in New York City at the Roosevelt Hotel, August 10-12th. Please make sure you have registered for the meeting and made reservations at the conference hotel. For a preliminary program and registration information visit the SSSP website, [http://www.sssp1.org/](http://www.sssp1.org/). If you are unable to attend this year’s meeting, but you have ideas about resolutions, sessions for next year, or other feedback, please send them to me (brooke.kelly@uncp.edu) before the meeting so that your ideas can be considered.

One of my initiatives as chair is to find ways for our scholarship to get outside of academic circles. Toward this end, I have organized an invited panel session on Friday, August 10th, 2:30pm, “Making Research Matter: Disseminating Knowledge Outside the Academy.” Whether you are an expert at bridging academia and “the real world” or you are looking for ways to get started, please come and join the discussion. I would also like to bring your attention to the call for resolutions below. This is another way to make our research matter (see section of newsletter below).

We have been fortunate to have David Purcell as our newsletter editor. I would like to take this opportunity to congratulate the soon to be Dr. Purcell on his upcoming dissertation defense and his new position at Kent State University. Congrats!

Please enjoy the rest of this newsletter, and do not forget to attend some of the great PCI sessions. Look forward to seeing you in New York.

Sincerely,
E. Brooke Kelly
Division Chair

CALL FOR RESOLUTIONS

Resolutions are the Society for the Study of Social Problem’s (SSSP) way to make political and social statements to the wider public. There are many salient issues that can be informed by our scholarship on inequalities. Does your research lend itself to a timely policy initiative? Is there a current event about which you believe SSSP should make an informed public statement?

SSSP would like for each Special Problems Division to present resolutions for consideration at the 2007 meeting in preparation for a media strategy to make them available to the press in an expedient manner. Therefore, your ideas for resolutions are needed before the meeting in New York.

On the SSSP website, you can find examples of past resolutions to help get you started: http://www.sssp1.org/index.cfm/m/189.

When you write a resolution, please be sure to suggest who should receive the resolution (e.g., members of congress; specific corporations, etc.); send complete resolutions and/or ideas for resolutions to brooke.kelly@uncp.edu.

OPPORTUNITY TO GET MORE INVOLVED WITH POVERTY, CLASS & INEQUALITY DIVISION

Whether you are a seasoned member, new member, or just curious, please consider attending the division gathering for Poverty, Class, and Inequality.

Join us on Saturday, August 11, at 12:30p.m. in the Sutton Suite.

Getting involved with a division is a great way to become more involved with SSSP. At this meeting you will have the opportunity to discuss and propose sessions for next year’s meeting (which you can organize and chair, if interested), discuss resolutions, become a reviewer for and/or organize the division’s paper competition, or just meet other members and get acquainted.

CO-SPONSORED DIVISION RECEPTION & AIDS FUNDRAISER/RECEPTION

Please consider attending the Poverty, Class, and Inequality Division Reception, co-sponsored with many other divisions, at 6:30-7:30 p.m. on Friday, August 10 in the Vanderbilt Suite.

The AIDS Fundraiser will take place in the same suite from 9-11pm on Friday, August 10.

$15…new members and students receive a complimentary ticket with meeting registration.

Corporate globalization has intensified in recent years, taking a terrible toll on the lives of ordinary women in the global North and South. *The Wages of Empire: Neoliberal Policies, Repression, and Women’s Poverty* investigates the related processes of neoliberal economic restructuring and increased militarization, tracking policy and its enforcement to its impact on low-income women. This interdisciplinary volume provides rich analyses of the oppressive working and living conditions of urban and rural women, rightward shifts in public policies, and women’s resistance to these developments. Much of the recent scholarship on the contemporary empire analyzes it in gender-neutral terms. Instead, this volume contributes to a growing body of feminist literature on globalization, providing haunting and inspiring accounts from across the globe of women’s daily struggles with multinational corporations, structural adjustment programs, armed police, and invading armies.

Amalia L. Cabezas is Assistant Professor of Women’s Studies, Ellen Reese is Associate Professor of Sociology, and Marguerite Waller is Professor of Women’s Studies and Comparative Literature at the University of California, Riverside.

Also, the 3rd edition of his book, Constructive Conflicts: From Escalation to Resolution, was published by Rowman and Littlefield, in 2006.
